

COMMITTEE FOR
ADELAIDE

The Committee for Adelaide is creating an environment for South Australia to act local and think global; to change mindsets; to drive positive change.

We bring together businesses and community groups from all walks of life united by their passion for South Australia; who recognise Adelaide is a great place to live but who want to make it better by creating opportunities for economic, social and cultural growth.

A-political, independent and non-sector specific, we're harnessing the strength, work and enthusiasm of our partners to reshape our future.

We want to give people choices. They shouldn't leave Adelaide because of lack of opportunity. If they do decide to go elsewhere, we want to create an environment that makes it irresistible for them to return bringing new skills and experiences with them. This is the ultimate test of our success.

Our vision is to create an extraordinary global mid-sized city that people from all over the world want to be a part of and those who live are proud to call home.

Your membership

We harness the experience and expertise of our members and partners to shape the future of Adelaide.

Members meet regularly to plan our city's future, develop policy and projects and learn and share knowledge while our events allow senior business leaders and city stakeholders to connect and network.

In addition, working groups are formed allowing members to focus on specific issues ranging from population growth to business attraction and our city's liveability.

Large organisations

For major organisations interested in taking a lead role in shaping the direction and focus of the Committee and setting its agenda.

Adelaide is our city

Help us to create a brighter future for everyone

Our Boards without Borders project is changing the narrative around Adelaide and opening up new economic frontiers

We're putting population growth on the agenda, establishing a population network and launching an educational campaign on the benefits of skilled migration

We're connecting businesses and organisations creating new opportunities

We helped achieve national corporate tax reform with the final deal including a \$110 million loan for a massive solar thermal plant in South Australia and a study into constructing a long-mooted gas pipeline from the Northern Territory to South Australia

To date, the Committee for Adelaide has:

Put population growth firmly on the agenda

Helped achieve corporate tax reform

Helped get the Boomerang Club off the ground

Launched the Boards without Borders project

Taken a lead role on nuclear

Given electricity a national focus

Established a strong voice for Adelaide

Hosted international high-net worth individuals
