

**OUR VISION:** For Greater Adelaide to be the most extraordinary, big thinking, welcoming and vibrant global city with a population of 2 million by 2030

**OUR MISSION:** To provide independent thought leadership, advocacy, and influence policy for the benefit of our state, both now and into the future

**OUR STRATEGIC FOCUS:** [Supercharging the people and investment attraction potential and livability of Greater Adelaide and South Australia]

## Steering Committees

### DYNAMIC VIBRANCY

Fostering greater capacity for the development of the places where people live and work and the environments in which they enjoy wellbeing.

#### Focus Areas for 2024

- Analysing future infrastructure, transport and mobility needs
- Ensuring a vibrant 24/7 economy
- Positioning Adelaide as a Smart City – digital connection, data capture and use

### THRIVING COMMUNITY

Creating an inclusive and welcoming community that attracts and retains the skills required for current and future workforce requirements

#### Focus Areas for 2024

- Monitoring housing affordability and availability
- Boosting regional connectivity and prosperity
- Migration

### GROWING ENTERPRISE

Unlocking the economic complexity and investment potential to drive long term sustainable economic growth through reimagined public and private partnerships and collaboration

#### Focus Areas for 2024

- Encouraging public/private partnerships, business investment and collaboration
- Improving state productivity
- Analysing future jobs and skills
- Driving innovation, creativity and connectivity

## Steering Committee Model

- The steering committees are designed to bring together the thought leadership imbedded within the members focussing on three key themes of Vibrancy, Community and Enterprise.
- Contributions and input from the diverse range of members drawing on their expertise and thought leadership.
- Provides an opportunity for participation, recognition of membership, a networking opportunity with like-minded members and a future source of Board members.
- Assists the Committee in delivering strategic outcomes through stronger engagement with the members and community.
- Helps to identify opportunities for Committee positioning in the lead up to the 2026 State election.

## Structure

- One steering committee per theme.
- Participants will be drawn from all membership classes with maximum of 20 people per committee.
- Expression of interest will be called at each AGM for participation in the committees for the next calendar year.
- At least three meetings with a summary report of activities to be delivered at the AGM each year.
- Focus and policy areas to be developed at the first meeting of each year in consultation with CE and Committee for Adelaide Board.
- Success will be measured by reference to the identification of opportunities to drive thought leadership, develop advocacy, dialogue between business, academic institutions and government on key policy areas.
